## TAXPAYERS ARE SAVED SUM OF \$702

### LOCAL BANKERS BID FOR PRIVILEGE OF BEING COUNTY TREASURER—THE FISCAL COURT MEETS

The Lincoln County Fiscal Court held session two days here this week, Tuesday and Wednesday, letting contracts for the improvement of the turnpikes of the county and transacting considerable other business that came before the body.

The court held its biennial election of County Treasurer, and an interesting race developed between Cashier W. M. Bright, of the Lincoln County National Bank, the incumbent and George L. Penny, Vice President of the new State Bank & Trust Company as a result of which, the taxpayers of the county are saved the neat sum of \$702. Under previous conditions, the county has been paying its treasurer a salary of \$200 a year. When the court went into election of a treasurer for the next term, the name of Mr. Penny was presented with the statement that he would be glad to fill the office without salary. Squire McKechnie, who had offered Mr. Bright's name for re-election, stated that he would accept under the same terms whereupon it was stated that Mr. Penny would be glad to pay \$100 a year for the privilege of acting as treasurer. His bid was met and he then raised his offer to \$150 a year, which was met by an increase to \$151 a year, and at this figure Mr. Bright was elected treasurer, thus bringing into the treasury the sum of \$302 for the two years' term as well as saving the county the \$400 salary paid before a net saving to the taxpayers of \$702 a year. It is understood that most of the other counties of the state are paid by bankers for privilege of handling the county funds.

As previously outlined in the I. J., the magistrates abolished the office of Turnpike Supervisor and decided that each magistrate shall in the future have personal charge of the roads in his district. The salary, paid the turnpike superintendent was increased from \$800 to \$1,000 a year. This it was decided, will be equally divided among the magistrates for their road work, the plan being to allow them \$3 per day, not to exceed \$250 a year for their road services.

The court fixed the school levy for the current year at 10 cents on each \$100 worth of property, and the regular tax levy at 50 cents.

It was brought out at the meeting that the county has not collected any interest for two years on \$4,500 of its sinking fund it has loaned out. The resignation of County Judge Bailey as a committee to collect this interest and the loans, was accepted, and Squire McKechnie was appointed to proceed to collection of the amounts at once, and he will file suit, if necessary, to collect the money.

It was decided to place \$30,000 insurance upon the courthouse and \$5,000 upon the furniture, and contents, and this was equally divided among the eight insurance agencies of the city.

The Fiscal Court fixed \$200 a year as salary for a Sheep Inspector, under the new law recently enacted by the legislature. The appointment of an inspector was vested in the County Judge and Judge Bailey appointed his son, E. Deane to the office.

The court ordered that County Superintendent Garland Beeson be allowed the use of the office, in the courthouse previously used by the Master Commissioner, as he is bad for use of office room.

The court voted to allow County Attorney W. B. Burn 435 to buy book cases for his office.

The delinquent poll tax list was sold to Sheriff McCarthy for \$75.

A number of pauper claims were allowed as follows, the amount being per month: John A. Gooch \$3 to August; Logan Mullins \$2.50; Mamie Walker \$2 to the poorhouse; Mary Lancaster \$3; Belle Ruten \$2; Mrs. Rachel Harvey \$3 for keeping her own children; Nicy J. Padgett \$2.

### HUSTONVILLE

Judge J. D. Swope passed through the West End this week en route to Casey.

Capt. Jake Wallis is out on the war path this week after another car load of poultry and eggs.

A little nine pound beauty arrived at the quiet home of Mr. and Mrs. G. W. Moore last week and her name is Ruth and she is the tenth child born to these good people.

Miss Lulu Eries, who recently closed a successful term of school at the Reynolds school building will after a vacation open a school for the large as well as small pupils.

The county road up and down the Green river gravel. This is badly needed being given its legal width. Afterwards it will be ditched and raised in the center and given a good coat of Green river gravel. This is badly needed and will be a great benefit to all the inhabitants and enhance the value of their lands.

On March 20th the writer was in town separate and distinct snow flurries, with sunshine between each one.

Josh Brown has just completed a summer residence on the top of the highest knob in Le Upper Green river valley. It is a good, clean gentleman and lived by his neighbors, all of who are glad to see him getting up in the world.

By actual count on last Saturday about three o'clock in the afternoon there were fifty three buggies and a number of wagons on Main street in our city. There were also quite a number in the lively stables.

Zora Smith is a good road builder, the kind you read about. He is doing a high class job of work on the McKinney and Middleburg road that must be seen to be properly appreciated. The gravel he is putting on is clean of dirt and sand, and consequently will last much longer.

Late news from Miss Bettie Logan, who has been wintering in the balmy breezes of Florida, indicate that she will return to Kentucky soon and arrange to make the south her permanent home. She will stop for ten days in Birmingham, Ala. She has she is certainly and permanently charmed with the climate, the towns and cities as well as the people and is serious in contemplating an early return this fall and make an investment in property there.

Dr. O. S. Williams arrived here from Lexington Tuesday, where he has been treated for an affection of one of his eyes. He will doubtless be in his office here all of next week.

My friend, you will be better able to attend to business and to labor with your hands this next week if you will attend divine service next Lord's day and we kindly invite you to attend Sunday School at the Christian church, and I assure you you will never have cause to regret it. Join class No. 8 and hear the Master's Word made plain.

The vouchers of pensioners on rural routes will in the future be filled out by the carriers, who have been empowered to do this work as at a very nominal cost. This will be quite a convenience as well as a saving to many pensioners.

### Compliments.

## Horse Show Day

MONDAY WILL BRING BLOODED EQUINES TO TOWN.

The finest display of horse stock shown in any county in Kentucky will be seen here Monday, which is April Court Day and annual Horse Show Day. No county in the state is producing and finer equine blood than Lincoln. The breeders here are discriminating judges of horseflesh and are securing only the very best. A glance over the advertising columns of the Interior Journal in both issues each week will show just how splendid is the quality of horse stock to be had. Come to town Monday and see the blue blooded beauties go through their paces. And bring along a dollar for the I. J., so that you can read all about them.

## Getting Bad At Sopas

HOUSE ROBBED AND BURNED AND A HOLD-UP

Sopas, Ky., April 4. While Mr. and Mrs. D. Sievers and family were away from home last Sunday week visiting a neighbor, thieves entered their residence near here and stole two fine gold watches and a good revolver and possibly other things and then burned the house. There was no fire in the house at 1 P. M., when the Sievers left and at 3 o'clock it was in ashes. About \$500 worth of furniture was destroyed.

Cecil Whitaker, a young man who came here from Vanceburg to help Mr. Bell manufacture brooms, was accosted by highwaymen one night recently on the Glade Fork road at Parker's mill and in a scuffle with them was shot in the hand inflicting a painful wound. A Waynesburg physician attended the young man and pronounced the wound not necessarily dangerous. The attack on the young man on a lonely road at night and the burning of the Sievers residence are believed to have been the work of the same parties. It is hoped the authorities at Stanford will take notice and if possible, have a detective ferret out the perpetrator of these outrages.

### PLEASANT POINT

Mrs. Geo. Gilliland is ill. Mrs. G. W. Padgett continues very sick.

A number from this place attended the revival which is being held at Highland M. E. church, Sunday. An excellent sermon was preached by Rev. Stratton, the presiding elder. On Sunday evening he preached at the King's Mountain Methodist church.

Our former Sunday School superintendent, Rev. J. C. Singleton, has again been elected superintendent at the Baptist church. He succeeds Dr. J. W. ## TWO LANDMARKS CONF IN EAST END

MRS. GORMLEY AND JOHN SALTER PASS OVER DARK RIVER—EAST END NEWS

Crab Orchard April 6th.

The death angel has been stalking abroad in the East End. Mrs. Margaret Gormley, the oldest member of the Baptist church here, and the oldest woman in our community died Monday evening, and was laid to rest in the cemetery here after services conducted by Mr. J. C. McClary. Had she lived until the 8th of May she would have been 83 years of age. Mrs. Gormley was the daughter of Col. Thomas Buford, a celebrated Confederate warrior. She is survived by a son William Gormley and two daughters, Mrs. Cook and Mrs. Morgan. She had suffered three paralytic strokes in the last few years and was able to get out but little. She was a faithful member of the church having joined when but 11 years of age.

Miss Traylor is visiting her sister Mrs. Iva Fish.

## Governor Refuses

MRS. HUFFMAN'S REQUEST FOR PARDON FOR NEGRO GIRL.

The following appeared in the Frankfort News-Journal last week:

Governor Augustus E. Wilson has been asked to grant a pardon to Bettie Doty, a colored woman residing in Lexington. The request comes from Mrs. Helen B. Huffman, of Hustonville, who makes the request because the doty woman's mother was her nurse when she was small.

Mrs. Huffman wrote to the Governor that her old black mammy had a daughter, who, while a young girl killed her new-born child in Boyle county and was sentenced to the penitentiary for life. The doty woman has been paroled, after serving a long term in prison, and is now living in Lexington under another name. Mrs. Huffman wants a pardon granted, but the Governor refused saying the woman was fortunate to be released on parole.

### The Spitting Snake.

A snake found in Africa is called the spitting snake by the Boers. It is between two and three feet long and is especially bold and active, readily attacking every one who approaches it. In confinement it is very savage, opening its mouth and ejecting its fangs, from which the poison may be often observed to drop and even sometimes to be forcibly ejected, whence the name given it by the Boers.

## Horse Runs Away

AND THROWS OUT TWO M'KINNEY YOUNG LADIES

McKinney, April 6.

A young horse which J. T. Gooch was driving last Saturday afternoon, got scared and ran away with him, throwing out Misses Belle Cowan and Bessie Jarboe, who were riding with him. The animal snapped the bit at the first dash, and ran for several miles before he was stopped. The young ladies had a very narrow escape and were considerably shaken up by their experience, as it was, but we are glad to state that none was seriously hurt.

Miss Ruth Tanner has returned after a week's visit with her grandmother, Mr. M. V. Owens.

Mr. C. H. Wright and family have moved to Lexington.

Every one is invited to attend the McKinney Social Literary Society, which meets at the school house every Saturday night.

Brother Gabbert will preach at the Christian church Sunday.

Fair warning to the men and boys of McKinney who congregate in the lumber yards and box-cars some times in the week and almost every Sunday in front of people's homes where women and children and men of all classes can see their maneuvers open. While we do not know that they are gambling and drinking whiskey, as we cannot see the money and can not tell the color of the water in the bottles, we judge that they are violating the law and committing a crime, and if such does not cease to appear, we who will not tolerate such things, are going to find out just exactly what they are doing.

### FROM BELHAVEN, N. C.

In sending a dollar for the I. J. for a year, J. B. Curtis, of Belhaven, N. C., writes:

I love to read the news from Lincoln county especially from Lincoln and Boyle counties. I married a girl from Lincoln county and lived in Boyle at Junction City eighteen years. I was employed by the Interstate Cooperative Co., and I am with the same company as manager of the finishing department. I have been at Belhaven four years. This company employs about six hundred men at the different departments which are band saw mill with a capacity of one hundred and twenty five thousand feet of lumber per day, also eight stave saws turning out eighty thousand barrel staves per day. Then there are heading saws. This stuff is finished ready for the barrel. They have a box shook factory of large capacity.

Belhaven is on the north west shore of Pamlico Sound. Four years ago this town had a population of three hundred. Today the population is four thousand eight hundred and plenty of labor for all. There are several saw mills and other kinds of employment. The fish and oyster industry is one of the chief money getters. The climate and soil water breeds make this an exceptional healthy climate. We have some slight freezes once in a while see snow but not more than a day at a time.

### Flies and Typhoid.

It has been found that the prevalence of typhoid fever in India varies regularly with the abundance of flies.

### MARKSBURY

Miss Emma Combett, of Casey county, and Miss Mary Cunningham, of Junction City, who have been visiting Mrs. Logan Burk, have returned home.

Mrs. Fannie Pollard purchased a harness made from Smiley Walker, price \$175.

Mack Emery, a colored man and one of the oldest citizens of Davisston, recently dropped dead while at the plow handle.

Mr. H. C. Greening, of Lexington, who has been spending the winter at Hawthorn, and Winter Park, Florida, was here last week looking after a arm he has purchased. He bought while here a sow and pigs for which he paid \$25.

No. Maarsee sold a cow and calf to Joe Robinson for \$40.

John Marsee sold to Charlie Dean a pair of work mules for \$425.

Mr. and Mrs. J. C. Williams and Joe have returned from Danville, Burgin and Harrodsburg where they have been visiting friends.

Miss Mayne Ballard, who has just concluded an extended visit to her aunt, Mrs. Woolfolk, of Lexington, is at home again.

Miss Add Arnold, who has been serving in the capacity of Sunday school superintendent at Pleasant Grove church for about eight years, was unavoidably absent last Sunday morning, this being the first time since she was elected to this office. Mr. Logan Burk and wife spent Sunday with Mrs. Rufus Barnes of Danville.

The churches at Forks of Dix river and Mt. Hebron have extended a unanimous call to Rev. Mahan, of Jellico, Tenn. It is not known yet whether he will accept the call or not.

The remains of Mrs. Margaret Swope, who was buried in a private burying ground 12 years ago on the place now owned by Mrs. Burke, were taken up a few days ago and placed by the side of her husband, Dr. Ben Swope in the Lancaster cemetery. The coffin was in fairly good condition.

Mr. C. C. Cable, has installed gas lights in his store. Mrs. Sallie Pence has also had gas lights placed in her home.

## WINDSTORM PLAYS HAVOC IN LINCOLN

BIG BARN BLOWN DOWN NEAR CRAB ORCHARD AND OTHER DAMAGE IS DONE.

It blew great guns all over Lincoln county Tuesday night, much damage being done by the terrific storm. A number of barns were blown down and others lost their roofs while the destruction to trees was very great.

The large \$1,000 tobacco barn of Col. H. H. Brounagh, at his farm near Crab Orchard was completely destroyed, a small hurricane coming up a hollow back of the barn and tumbling the big structure, which had been built to accommodate 15 acres, into a mass of kindling wood. A number of large trees were also blown down on Col. Brounagh's place.

The end of a large barn on the farm of J. D. Blads and sons was blown in by the force of the gale and several very large and beautiful old monuments of the forest were uprooted during the night.

A pole upon which was strung the wires of the Stanford Water, Light and Ice Company, gave way before the strain of wind and rain about seven o'clock. It was near the railroad on the Danville pike, and in order to get the wires repaired all the lights in town had to be shut off for about an hour. Superintendent Frank Rount with his clever assistant Neely Stonewere quickly on the job, however, and soon had things righted.

It is believed that the gale which struck this section is the tail end of the hurricane which had been raging along the Gulf coast states during the previous twelve hours.

A small cyclone is reported to have swept up the Green river valley in the West End, blowing down a great many trees and toppling over telephone poles. The Hustonville exchange had a great many wires out of commission and had to keep a force of men at work all Wednesday repairing the damage.

The roof of R. C. Hocker's barn was torn off and the roof of Dr. Hugh Reid's residence was badly damaged by the heavy wind.

See Jesse D. Wearren the Insurance Man and keep your property protected against cyclones and storms, as well as fires.

MON. CHARLES A. HARDIN,  
of Mercer County

If any citizen desires to know just to what extent the violation of the laws against loitering and vagrancy reaches in this city let him happen in at the depot about the time for arrival of the morning passenger trains on any day, but more especially on cold, rainy days such as last Tuesday was. An Interior Journal representative in making his rounds for news, dropped in at the depot on the day, above referred to and the sight that greeted him was enough to open one's eyes. He counted 42 negroes ranging from 15 to 35 years of age, hanging around the doors, using loud, boisterous language and occasionally an oath. One or two negroes boarded the train and the crowd of loafers that yelled at them as they did so, made such a din as to almost drown the noise made by the clanging of the engine bell.

If it is impossible to convict these loafers of vagrancy, they can at least be driven from public places by that clause in the vagrancy law which specifically prohibits loitering. If the officers will look at the statute, they will find that the law says it is unlawful to "loiter around depots, live-ry stables" or other public places," so that the police and county officials both of whom are clothed with inquisitorial powers, can have no trouble in construing the law to cover the cases of those who sleep "loiter" and who manage to escape conviction upon the charge of habitual vagrancy.

As it is now, a lady shrinks from going to the depot without the protection of an escort. The police and the people should see that such conditions are not allowed to exist.

May be promoted by those who gently cleanse the system, now and then, when in need of a laxative remedy, by taking a desiccated spoonful of the ever refreshing, wholesome and truly beneficial Syrup of Figs and Elixir of Senna, which is the only family laxative generally approved by the most eminent physicians, because it acts in a natural, strengthening way and warms and tones up the internal organs without weakening them. It is equally beneficial for the very young and the middle aged, as it is always efficient and free from all harmful ingredients. To get its beneficial effects it is always necessary to buy the genuine, bearing the name of the Company—California Fig Syrup Co.—plainly printed on the front of every package.

## Judge George Denny Dead

NOTED REPUBLICAN LEADER FORMERLY IN THIS SECTION

Judge George Denny, formerly of Lancaster, Commonwealth's Attorney in this district and in his day one of the most prominent republicans in Kentucky, died at his home in Lexington.

He had suffered a stroke of paralysis several years ago, and was due to this, complicated with a recent attack of pneumonia.

In 1807 he was appointed by State Auditor Frank P. James, State Revenue Agent for Fayette county, and held this position at the time of his death. He had spent the early part of his manhood in Garrard county, moving to Lexington in 1834 and while a resident of Garrard county was elected Commonwealth's Attorney in this district. He was chairman of the republican State Committee in 1879, and for more than 30 years he was one of the best prominent members of his party in the state. In recent years he had given his chief attention to his extensive law practice in Lexington.

Judge Denny was 6 feet four inches tall and a man of commanding presence. He was an eloquent speaker, with a voice that compelled attention in any audience. In his home he was one of the most courteous and hospitable of Kentuckians.

He is survived by his wife and three children. Misses Eugenia and Massie Leavelle Denny, who make their home with their parents and Lieut. Hamilton Denny, of the United States army, who is now on the sick list in the Government hospital in Washington, City.

Judge Denny was born at Paint Lick, Garrard county, May 11, 1848. He was graduated from Centre College in 1866 and began reading law in the office of Judge George R. McKee at Lancaster. In 1869 he entered the senior class of the Louisville Law School and was graduated in February, 1870.

In November, 1870, he married Miss Mary Dunlap, daughter of the Hon. George W. Dunlap, of Lancaster.

In 1870 he was elected on the Republican ticket County Judge of Garrard county. At the expiration of his term as County Judge he was elected Commonwealth's Attorney of the Eighth judicial district, winning over the Democratic candidate by 777 votes while Judge Mike Owsley, the Democratic candidate for Circuit Judge was elected by a majority of 1,709 votes.

In 1884 he was sent as a delegate from the Eighth congressional district to the National Convention at Chicago. He was one of James G. Blaine's counsel in the famous libel suit against the Indianapolis Sentinel. In that year he made his home. In 1894 Judge Denny was the Republican candidate for Congressman from the 7th district. His opponent, W. C. Owens of Scott county, the Democratic candidate was elected by a majority of only 101 votes. Judge Denny contested the election, but lost the contest.
